Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Thursday 21 Oct 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Colder but sunny, with a risk of an isolated shower.

Today:
A chilly but bright start on Thursday with mostly sunny skies. Feeling much colder than of late with a brisk northwesterly wind, and just a chance of a few showers. Maximum temperature 11 deg C (52 deg F).

Tonight:
Largely cloudy overnight with some clear spells developing. Still the ongoing risk of the odd shower, locally heavy particularly in the west of the region. Feeling rather chilly. Minimum temperature 5 deg C (41 deg F).

Friday:
A bright day on Friday with a mixture of sunny spells and scattered coastal showers. Feeling cold with a northwesterly wind. Maximum temperature 12 deg C (54 deg F).

Outlook for Saturday to Monday:
It will turn milder as we head into the weekend, with rain spreading in by Sunday accompanied by stronger winds. Temperatures near normal on Monday with sunshine and scattered showers.
